

FALL AND WINTER AT OUR DOOR

At this season of the year you probably give more than casual thought to the clothes question; if you don't, you should. The new models in

Roxboro and Hart, Schaffner & Marx

clothes are here in great profusion---the classiest productions, in both models and patterns, that have ever been shown in Paducah. Just look at the magnificent display in our corner window. It will give you an idea of their beauty. There are a lot of new fabrics and the colorings are rich and more attractive than ever this season. Numerous shades of blue are a notable feature; grays, slates and greenish effects are very prominent; they're woven in wide and narrow stripes and other attractive patterns in an almost endless variety.

YOUNG MEN'S MODELS \$15 to \$30

There's dash and swing in the cut of our young men's garments which says: "Young man, these are yours," as plainly as so many words. Genteel innovations crop out in every detail of these distinctive clothes. Some of the trousers have permanent crease, additional cash pocket in trousers pocket. Outside breast pocket in coat is lined with harmonizing shade of fancy silk which, when pulled out, is a splendid substitute for the silk handkerchief every one is wearing. These are just a few of the details which make these suits a delight to the young man.
